Did Robert Kennedy Know His Brother's Assassins?

That's just one of the extraordinary questions explored in THE MEN WHO KILLED KENNEDY: THE TRUTH SHALL MAKE YOU FREE... A totally original line of inquiry into American history's greatest mystery, this program exposes how Bobby Kennedy's plan to kill Fidel Castro was taken over and used to murder the President. Also, for the first time, a highly-decorated Army colonel speaks specifically of how he was trained to eliminate key assassination witnesses. THE MEN WHO KILLED KENNEDY: THE TRUTH SHALL MAKE YOU FREE... employs the latest image processing techniques to conclusively prove that autopsy pictures were faked to support the official "lone gunman" theory.

Featuring exclusive interviews with scientists, officials and Lee Harvey Oswald's widow, Marina, THE MEN WHO KILLED KENNEDY: THE TRUTH SHALL MAKE YOU FREE... is a shattering investigation that leads to one inescapable conclusion: the case on Kennedy's murder is far from closed.
